

The Bose® Sound System for the Audi A2

AUTOMOTIVE
SYSTEMS DIVISION

9 high-performance speakers

- 1** Two 4-cm tweeters in the front doors.
- 2** Two 16-cm low-mid-range speakers (open installation) in the front doors.
- 3** Two 4-cm tweeters in the rear doors.
- 4** Two 16-cm low-mid-range speakers (open installation) in the rear doors.
- 5** One 13-cm woofer in a 12-litre custom-engineered bass enclosure with a two-state modulation amplifier below the cargo area.

System electronics

- 6** Amplifier mounted in the foot well on the passenger side. Includes Bose digital signal processing and 5 channels of customised equalisation.

Each part of the Bose sound system has been carefully engineered to work with the others for better performance. Replacing the factory-installed headunit (i. e. radio-CD/navigation system) or any other sound system component will significantly reduce system performance.
